

# A Journey through Dutch Art - Track

Utrecht Summer School

19 July 2021 - 13 August 2021

Course Director: Anna Koldewey MA

## Day-to-day program

**Most days will start with a lecture in the classroom, followed by a lunchbreak and an excursion to a museum in the afternoon. Depending on the program, most days there will be time for self-study, either at the end of the morning session or after the excursion.**

This course is interactive. You will be asked to participate in class as well as during the excursions: to ask relevant art historical questions and discuss about the artworks and their meaning, together in class or as group or individual short presentations. You will receive more information and a more detailed schedule (including departure times for the excursions and planning and subjects of the presentations) at the first day of the course.

With each lecture you will receive some literature, which helps you to remember what is taught in class, and to prepare for the final exam. The program includes some time for self-study and preparation time for your presentations.
