Red = fixed timeslot

Blue = flexible timeslot (depending on time zone, you can also prepare this a week before)

### Themes

Day	Theme	Lead
Monday	Introduction to themes and methods	Prof. Aukje Mantel-Teeuwisse, Dr. Rianne van den Ham
Tuesday	Health Technology Assessment, Reimbursement and Pricing	Dr. Wim Goettsch
Wednesday	Policy and Regulation	Prof. Marieke De Bruin
Thursday	Access to medicines	Prof. Aukje Mantel-Teeuwisse, Dr. Rianne van den Ham
Friday	Synthesis, student presentations	Prof. Fatima Suleman

### Study load

40 hours, 1,5 ECTS

(Pre-)reading + exercises = 12 hours

Group work = 8 hours

Screen time (lectures, group meetings, presentations): 5 x 4 hours = 20

### Platform

Materials will be available through the platform, Life Long Learning, at least one week before start of the course. Online meetings and lectures will be organized through MS Teams. Sessions are interactive, so you need a headset and video camera for the meetings.

### Social activities

We will organise two social activities online next to the programme on Monday and Wednesday after the lecture. You will get more information close to the start of the course.
