

**Introduction to JASP and (Bayesian) hypotheses evaluation
(course code S003)**

Tuesday February 1st, 2022

Course location: Online

Course Director: Herbert Hoijtink

E-mail: H.Hoijtink@uu.nl

Time	Type	Description
9.00-10.00	Lecture	The Replication Crisis
10.15-12.30	Lecture with one 15 minute break	Introduction to Bayesian hypothesis evaluation
12.30-13.30	Lunch Break	
13.30-14.30	Lecture	Either introduction of information criteria based hypothesis evaluation, or, Bayesian evaluation of replication studies and multiple laboratory studies.
14.45-16.00	Lab Meeting	Practicing (Bayesian) Hypothesis Evaluation using JASP
16.00-17.00	Discussion	The Pro's and Con's of Classical and Bayesian hypothesis evaluation
