19 - 23 August 2024

Location: [Drift 25](#), room 0.02

( entrance via the Drift 27 building, see directions below )

## Schedule and Practical Info...

Course Director: Dr. ing. S.C.J. (Sander) Bakkes

E-mail: [s.c.j.bakkes@uu.nl](mailto:s.c.j.bakkes@uu.nl)

If you have any practical questions during the week you can contact the summer school at [info@utrechtsummerschool.nl](mailto:info@utrechtsummerschool.nl) + 31 30 253 4400 Check your pre-departure document for more information.

### Directions...

- Go to the University Library building at [Drift 27](#), and go inside.

- Once inside the Library building, keep walking straight...

- Past the reception desk, exit the building again on your right-hand side, into the gardens...

- You can now see the entrance of the [Drift 25](#) building. Enter the building and walk straight. Room 0.02 will be on your right-hand side somewhat down the hallway.

### Important notes...

1. This is a tentative schedule that may still change before the summer school starts.
2. **Bring your own laptop!** In this summer school, you will spend about half of your time on game development (in teams), so it is important that you have the right tools to work with.
3. You will use Unity for developing your game. Beforehand, make sure to **install Unity Personal** edition from unity.com (with the Unity Hub, you can manage multiple versions of Unity) ([link](#)).
  - a. *There are many different versions of Unity, with some small differences in interface or SDK features. Projects will often work with different (major) versions, but we want to minimize potential problems and therefore would like that all students use the same version. We will be using 2021.3.6f1, which should be available for most platforms.*
  - b. *To avoid delays during the workshops, please already download this editor version through the Unity Hub (under --> Installs -> Install Editor).*
  - c. *To get an initial feeling for Unity, please go through these introductory tutorials:*
    - i. <https://learn.unity.com/tutorial/get-started-in-the-unity-editor>
    - ii. <https://learn.unity.com/tutorial/explore-the-unity-editor>
    - iii. <https://learn.unity.com/tutorial/introduction-to-the-console-window>
4. Lunch will be provided each day, free of charge. For **dietary requests**, please contact the course director.
