

(Bayesian) Informative Hypothesis Evaluation (e-learning)
(course code S003)

Duration: Thursday, January 15 , 2026 - Thursday, January 22, 2026
Meetings: Thursday, January 15 , 2026 & Thursday, January 22, 2026

Course location: Teams

Course Director: Rebecca Kuiper
E-mail: R.M.Kuiper@uu.nl

The e-learning course has content for one day and will be available for seven days.
The first day, we will briefly meet online to get started.
On the seventh day, there will be an online Q&A session and/or lab.

Meetings:

	Location	Description
Thursday, January 15, 9.00-10.00	Teams	Online meeting to get started with the e-learning course.
Thursday, January 22, 9.00-11.00	Teams	Online Q&A session and/or lab meeting

Course topics:

Introduction to informative hypotheses
Introduction to Bayesian informative hypothesis evaluation
Introduction to informative hypothesis evaluation using model selection
Informative hypothesis evaluation using JASP and/or R (there is also room to work with your own data)
