

summer school UTRECHT

SHORT PROGRAMME COURSE M37

“Translational Medicine: Doing the Right Research Right”

July 7 – 12th, 2019

Sunday July 7th, 10:30 – 18:00

On this first day of the course you will get to know each other. The opening lecture will show the importance of parent participation in research. Furthermore you learn about the main issues in translational medicine and how to become an agent of change in translational medicine.

Location: Social Impact Factory, Vredenburg 40, 3511 BD Utrecht

Monday July 8th, 8:15 – 19:30

On the second day we continue to explore issues in translational medicine and think about the translational scientist of the future. You will start your group assignment and have your first personal mentoring session as well. At the end of the day you will be introduced to UMC Utrecht’s Child Health program, followed by drinks, bites and a tour of the Wilhelmina Children’s Hospital

Location: Descartes-Centre, 11th Floor, ‘Matthias van Geuns’ building, Bolognalaan 48, 3584 CJ Utrecht

Tuesday July 9th, 8:15 – 17:30

Today, at the highly innovative Nutricia research building at the campus of the University of Utrecht, you will learn to appreciate the difficulties of patenting, the roles of industry and academia in drug development and contemplate the challenges and opportunities of public private partnerships. You will also have part 2 of your personal mentoring groups.

Location: Danone Nutricia Research, Utrecht Science Park, Uppsalalaan 12, 3584 CT Utrecht

Wednesday July 10th, 8:30 – 17:30

Today you will spend at a beautiful mansion just outside of the campus. There you will discover how to unleash your creativity and learn how to effectively work as a team and have true impact. In the afternoon you will learn more about collaboration and working with patients. You will be stimulated to critically contemplate how to effectively navigate from bench to bedside together with patients. You will learn how introducing the patient’s perspective can steer the direction of a research program and explore the importance of

SHORT PROGRAMME COURSE M37

“Translational Medicine: Doing the Right Research Right”

July 7 – 12th, 2019

patient participation in crafting a socially robust and ethically sound research proposal. During the second half of the afternoon you will work on part 2 of your group assignment.

The official opening ceremony of the Utrecht Summer School will start on 17:00. You can choose to attend the opening ceremony

Location: ‘Landgoed Oostbroek’, meeting room: Janssenzaal, Bunnikseweg 39, 3732 HV De Bilt

Thursday July 11th, 8:30 – 17:00

In the morning there will be 3 parallel session on mentoring, animal models in TM and team work. In the afternoon you will have an inspirational speed counseling session with a panel of established and upcoming clinical scientists. In the evening we will have the conference dinner with all participants and faculty in downtown Utrecht (as of 18:30/19:00)

Location: Descartes-Centre, 11th Floor, ‘Matthias van Geuns’ building, Bolognalaan 48, 3584 CJ Utrecht

Friday July 12th, 8:00 – 18:00

On this last day of the course you will think and debate important ethical issues and dilemmas in TM. And you will prepare yourself for your future in Translational Medicine. At the end of the day there will be a certificate ceremony, followed by farewell drinks and bites.

Location: Descartes-Centre, 11th Floor, ‘Matthias van Geuns’ building, Bolognalaan 48, 3584 CJ Utrecht

SHORT PROGRAMME COURSE M37

“Translational Medicine: Doing the Right Research Right”

July 7 – 12th, 2019

CORE FACULTY:

- Rinze Benedictus** – Staff advisor UMC Utrecht & Science in Transition – vice director of the course
Richard Foty - Assistant Professor, Translational Research Program, Dalla Lana School of Public Health, Toronto
Sabine Fuchs – Pediatrician in metabolic disease at Wilhelmina Children’s hospital, Utrecht
Gianfranco Grompone - Microbiota, Food & Biotechnology Expert – National Institute of Agricultural Research, Uruguay
Julie Ledford - Associate Professor, Immunobiology, University of Arizona, Health Sciences
Marc van Mil - lecturer and educational innovator in the Biomedical Sciences program at the UMC Utrecht
Joris van Montfrans – Pediatrician Immunologist, Wilhelmina Children’s Hospital
Berent Prakken – Vice-Dean Education UMC Utrecht, course director
Norm Rosenblum - Professor of Innovation in Biomedical Education, Director Graduate School of Life Sciences, Director of Biomedical Sciences, University Medical Center Utrecht
Hester den Ruijter - Translational Scientist at the Laboratory of Experimental Cardiology, UMC Utrecht
Anita Small – Project Manager, Deaf Artists and Theatres Toolkit (DATT), Cahoots Theatre Company, Owner/Founder, small LANGUAGE CONNECTIONS
Michael Taccone - Neurosurgery Resident & Founder & CEO, Childhood Cancer Survivor Canada, Toronto

OTHER CONFIRMED FACULTY/FACILITATORS:

- Jeffrey Beekman** – Associate Professor, Dep. Of Pediatric Pulmonology/Immunology, UMC Utrecht
Benari, Colby - Head of the Academic Careers Office, UCL School of Life and Medical Sciences, London
Kors van der Ent – Professor in Pediatric Pulmonology and director of the Child Health program at UMC Utrecht
Pat Furlong - Founding President & CEO Parent Project Muscular Dystrophy, New Jersey
Johan Garsen – Utrecht Institute for Pharmaceutical Sciences Director Immunology Utrecht – Singapore, Nutricia Research
Brian Goeltzenleuchter – Artist, Writer and Educator, Research Fellow at the Institute for Public and Urban Affairs, San Diego State University
Bea van ’t Land – Senior scientist Immunology at Nutricia Research, Utrecht
Frank Miedema – Vice Rector Research, University of Utrecht, co-founder of Science in Transition
Kiran Nistala – Experimental Medicine Physician Glaxo Smith Kline & Honorary Consultant at GOSH, London
Gerard Pasterkamp – Professor and head of the Experimental Cardiology Laboratory at UMC Utrecht
Harold van Rijen -
Casper Schoemaker – Senior researcher and project leader at the National Institute for Public Health and Environment (RIVM)
Salmaan Sana – Educational Program Designer, Facilitator – Consultant, Meaningful Learning Specialist
Anna van Suchtelen – Artist, Writer
Ghislaine van Thiel - Assistant professor in medical ethics, UMC Utrecht
Lucy Wedderburn – UCL GOS Institute of Child Health, London
Nico Wulffraat – Professor of Pediatric Immunology, UMC Utrecht, chair UCAN CAN-DU
